OVERVIEW OF THE US JAYCEES

The United States Junior Chamber (Jaycees) gives young people the tools they need to build the bridges of success for themselves in the areas of business development, management skills, individual training, community service, and international connections. The U.S. Junior Chamber is a not-for-profit corporation/organization as described under IRS code 501 (c)(4).

For the past 86 years, Jaycees have been a force for good in America and around the world. Jaycees helped establish AirMail services in America with Jaycee Charles Lindbergh, and have raised millions of dollars for causes such as the Muscular Dystrophy Association and the March of Dimes. They have built parks, playgrounds, hospitals, ball fields, and housing for the elderly while conducting service and support programs in thousands of communities nationwide.

Jaycees can be found in all walks of life: governmental leaders such as past Presidents Bill Clinton and Gerald Ford, business tycoons such as Domino's Pizza mogul Tom Monaghan, registered nurse and former Miss America Kaye Lani Rae Rafko-Wilson, sports heroes like basketball great Larry Bird – name the field and Jaycees can be found at the forefront.

With the focus of the nation on volunteerism, from the smallest towns to the largest cities, the Jaycees are enlarging areas of opportunity for young people.

OVERVIEW OF THE HAWAII JAYCEES

The Jaycee movement in Hawaii first began in 1932 with the formation of the Honolulu Junior Chamber of Commerce. Since that time, our organization has helped to start many projects that have become institutions in Hawaii. Among these is the Blood Bank of Hawaii, the 50th State Fair, the Miss Hawaii Scholarship Pageant, the Honolulu Youth Symphony, Aloha Week, Teen Challenge, and the Special Olympics.

AREAS OF DEVELOPMENT

Community Development

The Rising Phoenix Jaycees develops leaders through community service by finding new and innovative projects to run. Our members benefit by being able to practice their project management and leadership skills learned at our leadership and professional workshops.

Individual Development

To be a leader, to be connected to your community, to be a successful networker, all require making the most of who you are. Opportunities for individual development arise whenever the Jaycees host an event that allows its members to improve or grow in a new way. Rising Phoenix hosts events that include Project Management Institute's Project Management for Non-Profits, Professional Speaking Workshops, Sales and Marketing Workshops, Financial Management Workshops, and much more!

Membership Development

The Rising Phoenix Jaycees works hard to serve the local community. But we are also about personal growth and developing positive, long-lasting friendships. Throughout the year, the chapter organizes many networking activities for our members that includes Networking Nights, Karaoke Nights, Movie Socials, Dart and Pool Socials, and Volleyball Tournaments.
